

Buckfield Trophy - result

The Buckfield Trophy was contested by 12 triples teams on Sunday 24th June. It was a glorious afternoon with clear blue skies and sunshine and a temperature in the mid 20s.

The trophy was decided over 3 x 50 minute games but, to introduce a little variety for the afternoon, the scoring system was 3, 2, 1 – i.e. the closest wood scoring 3 points, the second wood scoring 2 points, and the third wood scoring 1 point. In addition, any wood which was a toucher scored 2 points. After a few ends of the first game, most(!!) of the players got to grips with this idea.

At the end of the day, there were 3 teams who won all 3 of their games, so the result was down to shot difference. In second place, with a shot difference of +45 was the team of Ray Le Cornu, John Mitchell and Jean Sim.

However, the winners were the team skipped by Pat de Gruchy, together with Paul Whelan and Ann Cross, who achieved a shot difference of +48,

It was another successful and enjoyable afternoon. Congratulations to all who took part on the green, and also to those who helped off the green – in the kitchen and behind the bar.
