

Buckfield Trophy - result

Sunday competitions seem to have come thick and fast at the start of this season but, in a busy calendar of events, the Buckfield Trophy was the last until the Phil and Mary Le Quesne Trophy at the end of June.

It was good to see the green full for this competition, with 14 triples teams contesting for the trophy over 3 x 50 minute games.

5 teams finished with 2 wins out of their 3 games but 2 teams finished with a maximum three wins apiece.

Finishing in second place with 6 points and a +7 shot difference was the team of Eddie Langlois (skip), Paul Whelan and Terri Boss-Andrieux.

But the winners on the day was the team led by Maurice Andrieux (skip), together with Liz Cole and Ann Cross (pictured above), who achieved 6 points and a +22 shot difference.

At the end of the afternoon, the President thanked all those who had taken part, but especially those who had worked 'behind the scenes' to make the afternoon a success.
