

## President's FunDay Competition - result

The President's FunDay Competition took place in glorious early September conditions on a green that continues to run very well. 14 triples teams contested the 3 x 45 minute games. The competition was a 'yardstick' competition (any wood within a yard of the jack counted) with rotating skips over the three games. The dress code - which the vast majority of players acknowledged - was 'brightly coloured shirts and white below the waist', so the green was awash with colour for the afternoon, which was really good to see!

Although there were only about 6 or 7 ends played in each game, the scores were understandably quite high in some games as both teams were able to pick up shots on each end. By the end of the afternoon, there were 5 teams who all finished with 2 wins out of 3 and therefore picked up 4 points.

However, pipping the other 4 teams to the runners-up position was the team of Tony Osmont, Ron Romeril and Dot Uniacke with a shot difference of +17.

One team won all 3 of their games and were therefore the outright winners. Pictured above (with the new trophy donated by the Davis family) is the winning team of Joan Renouf, Geoff Cole and Jenny Rimeur.

Special mention must go to Junior member Libby Ellis, aged 10, who played very well all afternoon – but especially as 'skip' in the last game of the day – and was certainly not overawed by the occasion. A future champion in the making!

After the competition, the players enjoyed some excellent cakes, a cup of tea or drink or two from the bar. Many thanks to everyone who contributed to what was a successful afternoon enjoyed by all .....
